ADD SOME FLAVOR.

Since different types of investments don't usually rise and fall in sync, spreading your assets among a variety of investments in your retirement plan can help reduce the negative impact of any one investment. While diversification can't guarantee you'll never lose money, it can reduce your portfolio's overall risk.

Call your plan's toll-free number to obtain information about creating a diversified portfolio.

DIVERSIFY.

Please read carefully each fund's prospectus or offering statement before making any investment decisions.
